SPOTLIGHT!

Learn more about your favorites!

- 1) What was your favorite memory from August A / B?
- 2) If you weren't a doctor, what would you be?
- 3) If your personality was a Halloween candy, what would it be?
- 4) What is your favorite feline and why?

Dr Nishita Varde, August IOM

- 1) Working with my amazing teams who outside of being Shands rockstars were also fun to be around. Getting BOGO margs with my August MICU team was a testament to that, may even have to make it a regular thing!
- 2) I'd be a travel blogger because let's be honest if I had the free time now I'd be spending it traveling.
- 3) A Milky Way because it's a nice balanced blend of all the best chocolate bar components (minus the nuts, I'm allergic)
- 4) Doja Cat for her spooky szn bops

Dr Diana Rodriguez, August ROM

- 1) Introducing Rex, Chris, and Noah to the 47 specialty coffee at Opus.
- 2) Definitely a vet- either specializing in livestock or exotic pets (yes, I heavily considered this before medicine).
- 3) M&M's!
- 4) The Florida panther in honor of my alma mater, FIU. Go Panthers!

A special guest dropped by to congratulate Dr Rodriguez!

It's officially
