IOM / ROM

SPOTLIGHT!

Learn more about your favorites!
 1) What was your favorite memory from September A / B?
 2) If you weren't a doctor, what would you be?
 3) If you had a superpower besides being awesome, what would it be?
 4) What is your favorite farm animal and why?

Dr Michael Seigel, September IOM

- Coffee and Chik-Fil-A runs with the VA team and sitting outdoors.
- I'd be a traveling food critic.
- I would want to water bend.
- A miniature horse because of a friend's miniature horse named Lil Sebastian (Parks & Rec)

Dr Zachary Miller, September IOM

- Letting a patient know he did not have cancer and getting to know my fellow residents and how awesome they are.
- Machine learning engineer.
- Besides more creativity? The ability to heal.
- Cows.. I live by the beef teaching unit on 35th. They have such personality and always walk over to greet me when on a run!

Dr Lillian Culp, September ROM

- Listening to Taylor Swift with my interns.
- Either dog walker or baker.
- Turning invisible.
- Baby goats.. baby goats are super cute and they eat grass so you don't have to mow the lawn.

Dr Shailen Shah, September ROM

- Getting dinner and drinks with the team after a long stretch of being on wards.
- I'd want to be an architect or house husband (let's hope my wife supports me).
- Flying so I don't have to use airports and can go wherever I want.
- Chicken- eggs are delicious.
