RESIDENTS.. out and ABOUT

IOM / ROM

SPOTLIGHT!

Learn more about your favorites!

- 1) What was your favorite memory from November A / B?
- 2) If you weren't a doctor, what would you be?
- 3) What's your most memorable holiday tradition?
- 4) What is your favorite animal that is now extinct and why?

Dr Rex Farris, November IOM

- 1) My favorite memory would definitely be making the Christmas tree for the teaching teams with my upper level!
- 2) I'd want to be a college football analyst.
- 3) Definitely watching Christmas movies and putting up the Christmas tree with my family.
- 4) I'd have to go with a pterodactyl... JK, it's obviously a T rex because they're awesome.

Dr Nicholas Ott, November IOM

- 1) Celebrating my first Thanksgiving at Shands with my MICU family and eating way too much at the potluck!
- 2) I would have loved to have been a naturalist and a wildlife photographer.
- 3) Growing up we would always have fondue on Christmas Eve. It was a great way to bring the whole family together!
- 4) Hands-down its got to be the saber-toothed tiger because I've always loved big cats, especially growing up in Florida and being exposed to the Florida panther.

Dr Kunal Sutaria, November ROM

- 1) I enjoyed helping out the interns on VA bridge when the seniors were out. They reminded me of when I was an intern. Time goes by fast!
- 2) Probably something business related.
- 3) Going to Chicago during Christmas time to visit family.
- 4) Triceratops. That was my favorite dinosaur as a kid.

CHIEF on the SHELF

From VA CPR manikins, To Sun Terrace Chik-Fil-A bites, The chiefs on the shelf are among us, Ensuring the holidays are bright.

Happiest of holidays!
